

1- Please go to <https://www.youtube.com/> and log in with your Gmail account.

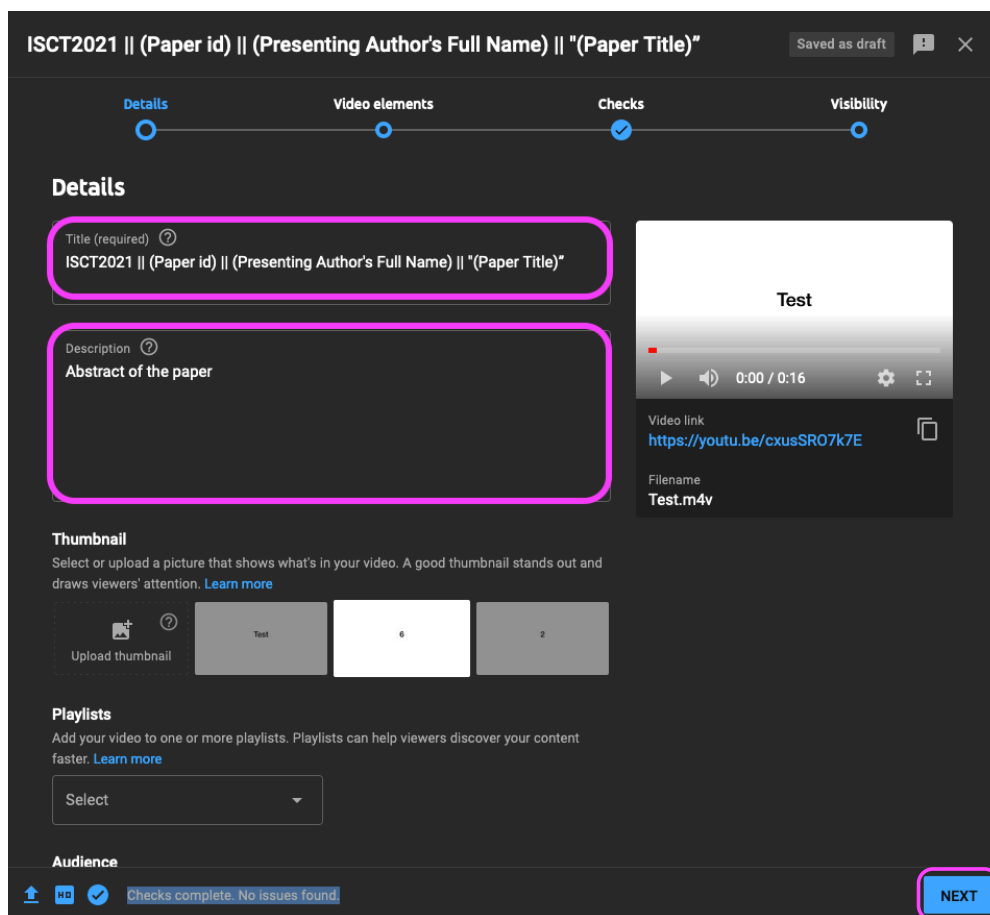

2- On the top right, click on **create** and select **“Upload video”**. Proceed with the channel creation if you do not already have one.

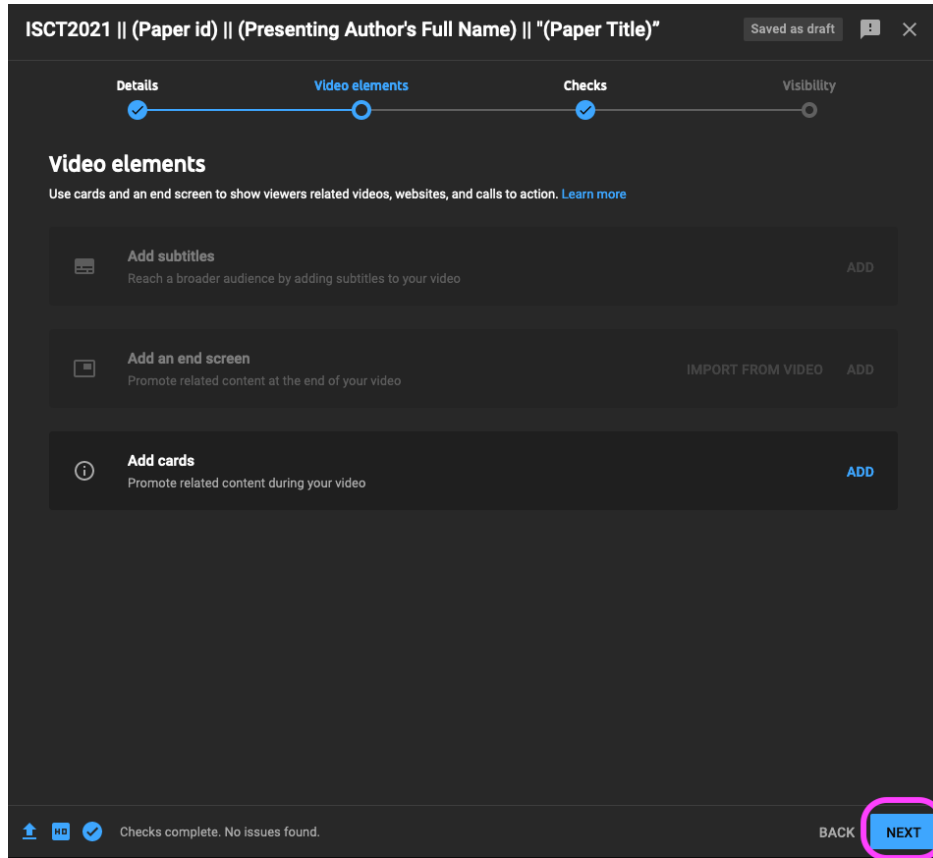

3- Now click on **SELECT FILES** and upload or drag and drop your pre-recorded presentation.

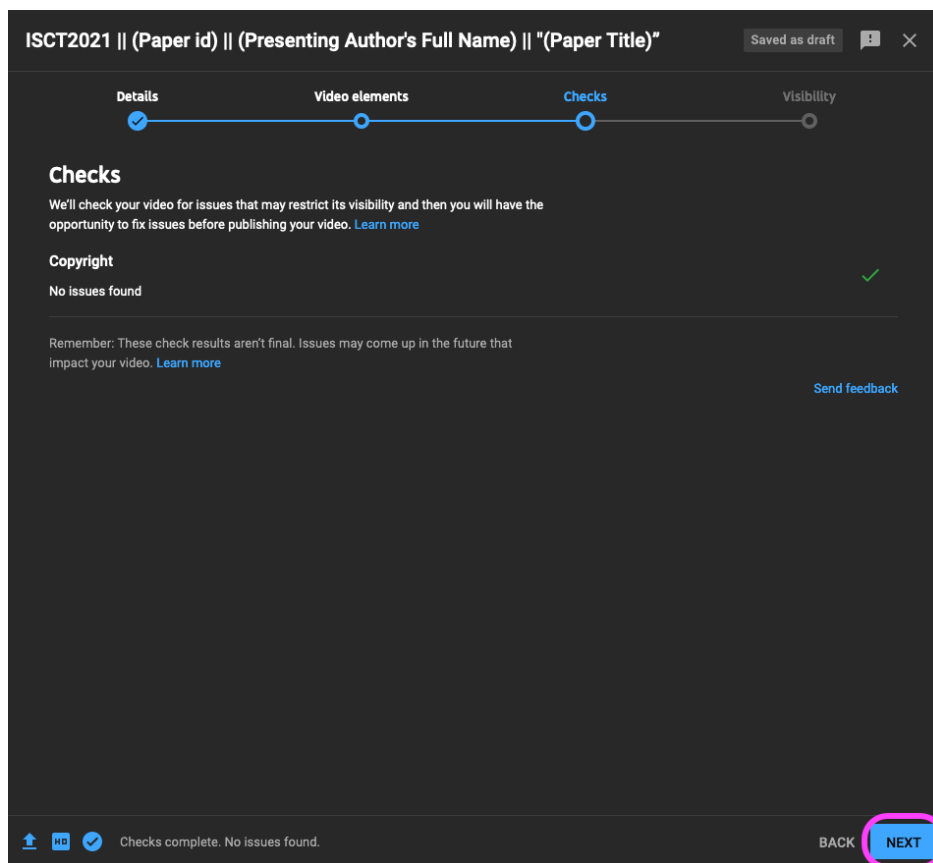

4- After file selection, in the details tab, please use the following format: "**ISTC2021 || (Paper id) || (Presenting Author's full name) || "(Paper's Title)"**" for "**Title**" of the video and insert the **abstract** of your paper in "**Description**". Furthermore, scroll down to the button and check the "**No, it's not made for kids**" box, press **NEXT**.

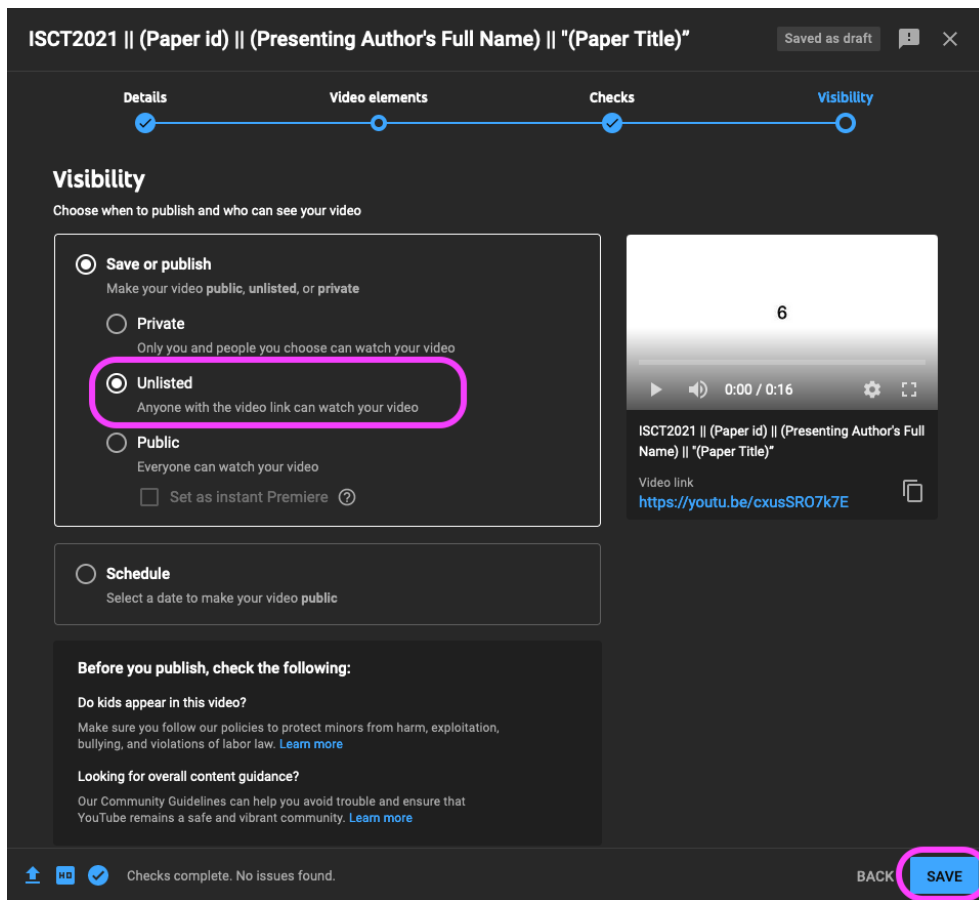

5- Press **NEXT**.

6- Press **NEXT**.

7- On the last page, make sure to select “**Unlisted**” for visibility, and hit **SAVE**.

8- Right after hitting "SAVE", you will be presented with the **link** to be shared with us. Also note that you will now be able to access your video from YouTube Studio.
